

You have served the American people – Now let us serve you!

American Corporate Partners is a nationwide mentoring program that matches employees from some of the nation's finest corporations and universities with OIF/OEF veterans. Mentors are high-level employees from one of ACP's 30 Participating Institutions. For one year, you will be matched with a Mentor for the purpose of networking, career counseling, and mentoring.

While not a "jobs program," ACP is dedicated to helping transitioning service members develop the valuable relationships, key skills, and action plans needed for success in the civilian sector.

Anyone who has served on active duty since 2001 is eligible to participate. Those who were deployed in support of OIF/OEF and those with service-connected disabilities are given preference in the program. **Participation is free.**
